Community Engagement Survey

A big thank you to everyone who took the time to complete the online survey for City Park Radio. The deadline was extended to the 5th of May and the results will be known in early June. This survey is more qualitative than many other surveys and it will be interesting to see if City Park Radio is meeting its Promise of Performance.

At the same time, *Xtra Insights* conducted a radio survey for commercial radio in the Launceston area. (excluding community radio) It revealed Chilli FM has breathed some fire into the radio market.

Overall Monday to Sunday, Chilli FM put the heat on the others with 23.9%, then LAFM 22.5%, ABC NthTas 21.2%, Triple J 12.2%.

At breakfast, Chilli beat the ABC 24% to 23.7%, Mornings LAFM 28.2% to ABC 22.8%. In the Afternoon slot it was LAFM 26.1% followed by Chilli 24.3.

Many watchers of facebook will know Danny Smith is No.2 in Drive with 21% behind Chilli on a scorching 29.2% with Triple J third on 15.9%. At a glance, commercial radio has spiced up the market with Chilli FM while the ABC, with the exception of Triple J, has seen some of the radio audience look elsewhere for a little more bite in their radio.

Reelin' in the Years

Classic Album
Little River Band 1975

Little River Band was an Australian super group with Beeb Birtles, Graeham Goble, Derek Pellicci and Glenn Shorrock former members of prominent local bands, Zoot, Mississippi, Axiom and The Twilights. Over the course of 1974 various discussions were held and an agreement was reached to meet in Melbourne in early 1975. Later that year, along with Ric Formosa and Roger McLachlan they released their first album called "Little River Band"

The album opens with an eight and a half minute opus from Graeham Goble called "**It's A Long Way There**" in which the trademark LRB harmonies first made their appearance. It was released in the USA as an edited single as well as "**I'll Always Call Your Name**"

Other notable songs on the album include "**Curiosity (Killed The Cat)**" which had a slight reggae feel about it and "**Emma**" both of which were released as singles in Australia. One of the Glenn Shorrock contributions "**Statue Of Liberty**" had been already done when he was with the group Esperanto in the early 70s. It was reworked giving it the LRB treatment. The album is a mixture of rock, pop and country rock. It's fine debut album from a group that was to receive international success in years to come.

Be listening for great music of the 60s and 70s on FM103.7 City Park Radio —on air, online or via a smart phone app.

LET'S HAVE A CHAT **TONY DAY**

Where were you born?
Bulawayo - Zimbabwe

What is the highlight of your life? Meeting my wife (Terri). It was love at first sight. Three days later I proposed, and after a lot of persistence, she agreed to marry me one year later. We have two children and this year celebrate 53 years of a beautiful life together.

Tell us about your life. Worked in engineering in Zimbabwe, left that position to become a Service Manager in heavy earth moving equipment, which led me to the position of State Manager in Botswana for a short time. For four years I was in the Anti Terrorist Unit - Zimbabwe, obtaining the position of Sergeant. (Training was compulsory and was on a six weekly rotational basis. I relied on Terri to "keep the home fires burning").

In 1978, we moved to South Africa and I became a Sales Manager.

We emigrated to Australia in 1988 and I worked as a Sales Rep in heavy earth moving equipment.

Retired to Tassie in 2011.

During your travels around Zimbabwe, did you meet any interesting people? I was talking to an old chap on the side of the road one day when a fly flew into my mouth. The old chap looked at me, shook his head and said "you don't want to be doing that mate". I said "what's that?". He said "eatin' all me bleedin' flies".

What other interests do you have? Woodworking, Music (30's - 70's, Classical, Comedy).

Why City Park Radio? Love to listen to the station. Started reading The Examiner on air, before being mentored by Noel Heather in Archiving. I am now the Archiving Coordinator.

Is there anything else you would like to still do? Travel. Learn as much as I can, especially in City Park Radio.

(Linda Callister) What an interesting life both Tony and Terri have had. The stories they have told me are truly amazing. I would love to see their stories in a book - maybe one day.
